

Tracy Zhang

Data and visual journalist at the intersection of editorial storytelling, product thinking, technology, and audience strategy.

EXPERIENCE

CNN — *Producer I, New Media*

October 2023 - PRESENT | Washington D.C.

- Lead planning and execution for Magic Wall projects, coordinating editorial, design and engineering teams for high-visibility on-air visual storytelling.
- Build data pipelines and automated templates that help producers create on-air graphics more efficiently and consistently.
- Partner across broadcast, digital, and visual teams to produce data-driven visuals for high-impact, audience-facing stories across platforms under deadline.

San Francisco Chronicle — *Social Video Intern*

Jan 2023 – Apr 2023 | San Francisco, CA

- Produced platform-native social video using Premiere Pro and After Effects; stories reached 200K+ views.
- Built reusable templates that improved production speed and visual consistency across formats.
- Conducted competitive analysis across 20+ news outlets to identify content gaps and inform digital audience strategy.

Peninsula Press — *Data Journalist/Multimedia Producer*

Sep 2022 – June 2023 | SF Bay Area, CA

- Developed [Campus Crimewatch](#), a reproducible web app that centralized campus crime data through interactive maps and data visualizations.
- Reported Bay Area stories utilizing video production, immersive journalism, and data journalism skills

POPSUGAR — *Social Media and Partnerships Intern*

January 2022 – March 2022 | New York, NY / Remote

- Developed social-first content strategy across Facebook, Twitter, and Pinterest, testing messaging, formats, and timing to grow traffic.

Vogue / Condé Nast China — *Editorial Intern*

June 2021 – September 2021 | Beijing, China

- Supported cross-platform editorial production by coordinating photoshoots and producing multimedia assets across print, digital, and social.

Portrait / RenWu Magazine — *Journalist Intern & Freelancer*

July 2019 – December 2021 | Beijing, China

- Reported investigative, profile, and culture stories on complex social issues, including corruption and education reform, reaching 5M+ readers by making sensitive topics accessible, shareable, and relevant across audiences.
